SUMMARY

Front-end developer with advanced web development training, with a focus on creating responsive applications. Skilled in crafting user-friendly interfaces and passionate about delivering seamless user experiences. Strong problem-solving skills and a keen interest in applying technical expertise to drive innovation in front-end development. I have a passion for learning new technologies and gaining new experiences, as well as regularity and a desire for self-development. Quick adaptation to different work environments.

SKILLS

Front-end: HTML5, CSS3, Bootstrap, JavaScript (ES6), Tailwind, React, Redux, Responsive Design, OOP

Soft Skills: Problem solving, Attention to detail, Management, Effective communication

Other: Git, GitHub

PROJECTS

[Live Demo](#)

Grilli

[github.com link](#)

Dynamic restaurant website with (Html, Css, Js) it was a really enjoyable website I've been learning many things from it the application in responsive across all screen sizes .

[Live Demo](#)

Admin Dashboard

[github.com link](#)

Created an intuitive Admin Dashboard with (React, React router, Mui) It Was Challenging At The Beginning Due To Its Complexity And Size. Many Issues Emerged, Leading To Extensive Research And Learning. I Sought Help From Others And It Was Mentally Taxing. I Encountered Numerous Problems, But With Patience, Research, And Learning, I Managed To Overcome Them All. Though It's Not Fully Responsive Across All Screens, It Functions Well. I Learned A Lot From It, Including New Libraries And Concepts.

[Live Demo](#)

Movie app

[github.com link](#)

An entertainment app build using (React, Redux, Tailwind). Utilizes TMDB API for a seamless browsing experience. Provides comprehensive info, search, and a visually appealing interface for movie and TV show enthusiasts.

[Live Demo](#)

E-commerce Website

[github.com link](#)

E-commerce built using (React js, Redux, React router, Axios, Tailwind) This website is dynamic in every way and responsive to all screens. You will be able to browse with a great user experience.

[Live Demo](#)

Rolex Website

[github.com link](#)

An Enjoyable Experience From Which I Learned A Lot. This Design Is Responsive To All Screens With All Specifications And Has A Dark Mode Feature. You Can Add Products To The Cart And Browse Them And You Will Enjoy A Smooth User Experience.

EDUCATION

2020 – 2024

Tanta University

Collage

I obtained my bachelor's degree from Tanta University this year

COURSES AND SCHOLARSHIPS

10/2022 - 2/2023

Elzero web school course

In this course, you learned the basics of web development, such as HTML, CSS, JavaScript, and Bootstrap. After that, I created many projects, but I was not satisfied with it, I am always open to learning new technologies. After that, I took some training courses from other YouTube channels and was able to gain a lot of experience in these techniques.

4/2023 - 6/2023

Codezone-Codevolution

In these courses from these channels, you learned the basics about Reactjs and Redux. After that I was able to create many projects, but I was never satisfied with them, so I resorted to some courses, such as the Codevolution course and the reference dedicated to Reactjs, and I was able to complete a large part of my knowledge from these technologies, gained experience and created projects, and until now I looking for new resources and experiences for learning
