Work Experience

Frontend Developer   **May 2024 - Nov 2024**
Jakom Tech | Full Time Remote [Qatar]

I began my journey with the company as a freelance frontend developer, working on a website project using **React.js**, **Tailwind CSS**, and **RESTful APIs**. I then transitioned into a full-time frontend role, focusing on building and enhancing web applications with **React.js**, **Next.js**, **TypeScript**, and **Tailwind CSS.**

After 3 months, I embraced the challenge of becoming a MERN stack developer, where I developed and maintained web applications using **Node.js, Express.js, MongoDB, Mongoose, Next.js, React.js**, and **Tailwind CSS**.

Junior Frontend Developer   **Dec 2023 - Apr 2024**
Softa Solutions | Full Time Remote [Egypt]

At this company, I contributed to small and medium-sized projects, utilizing **HTML, CSS, JavaScript, React.js, Tailwind CSS**, and **Bootstrap**. I collaborated closely with the team to deliver innovative and engaging websites, with a strong focus on user experience and responsive design.

Freelancer Frontend Developer   **Oct 2023 - Dec 2023**
Cleverness Agency Company | [Saudi Arabia]

Initially joined this company as a freelancer, tasked with enhancing their website using **HTML, CSS, JavaScript, and Bootstrap**. The successful completion of this project led to the company retaining my contact information, and they subsequently reached out to me for additional projects. I was assigned several projects and successfully completed them, which strengthened our collaboration and led to more opportunities for future work.
