Work Experience

Frontend Developer   May 2024 - Nov 2024
Jakom Tech | Remote Full Time [Qatar]

began my journey with this company as a freelance frontend developer, working on a website project utilizing **React.js, Tailwind CSS**, and **RESTful APIs**. Following this, transitioned into a full-time role as a frontend developer, where focused on building and enhancing web applications **using React.js, Next.js, TypeScript,** and **Tailwind CSS**.
After 3 months, took on the challenge of becoming a **MERN stack** developer. In this role, I developed and maintained websites using a combination of **Node.js, Express.js, MongoDB, Mongoose, Next.js, React.js**, and **Tailwind CSS**.

Junior Frontend Developer   Dec 2023 - Apr 2024
Softa Solutions | Remote Full Time [Egypt]

At this company, contributed to small and medium-sized projects, leveraging **HTML, CSS, JavaScript, React.js, Tailwind CSS**, and **Bootstrap**. collaborated closely with the team to deliver innovative and engaging websites, focusing on user experience and responsive design.

Freelancer Frontend Developer   Oct 2023 - Dec 2023
Cleverness Agency Company | [Saudi Arabia]

initially joined this company as a freelancer, tasked with enhancing their website using **HTML, CSS, JavaScript,** and **Bootstrap**. The successful completion of this project led to the company retaining my contact information, and they subsequently reached out to me for additional projects.
